Prayer Diary

Rejuvenation

In our Society

We currently face a multitude of issues where we need God to help us to act wisely as we invest in the future. The cost of living has pushed an increased number of families into poverty. Health care, our schools and colleges, water and sewage infrastructures, transport networks and our inner cities are all in crisis. Pray for the right decisions to be made and for finances to be allocated fairly for the benefit of all.

In the wider church

In the past six years, churchgoing Christians have increased from 3.7m to 5.8m people. The number of 18–24-year-olds now attending church is particularly encouraging. Pray that this continues and churches can regenerate.

The Mustard Tree

Pray that the leadership team will be inspired and anointed as they plan the next seasons of the church. Pray that the children's work continues to thrive and that more families are drawn to the Mustard Tree. We want to become a fully, intergenerational church which continues to remain active in the community.

Prayer Meeting:

Monday 23rd June
7:30pm

@ Pete and Mandy's
home.

Isaiah 61:1

Acts 3: 17-21

2 Corinthians 4 : 16-18
