

Prayer Diary

Atonement

For people we know but who don't yet know Jesus.

Like Christmas, Easter brings an opportunity for us to naturally share the truth of the gospel with our family, friends and colleagues. Pray for them that they will be open to hearing these words and are moved ever closer to thinking about their lives and considering accepting Jesus as their saviour.

Pray that we move under the anointing of the Spirit - to say the right words at the right time in a way that is palatable and appropriate for them.

The future

Pray that we continue to adapt and change to the challenges facing us as a church and that we become increasingly relevant to those around us.

A fresh wave of the Spirit working.

The church is in a good place within the community, and we have a positive standing with the different organisations we work with. Pray that this continues and grows into a local revival amongst the families and groups that we minister to. Pray especially for our own young people - that they may be a powerful witness to others.
